

Sun Block Terminal Platform(SBT)

A Smarter Blockchain Life Platform, SBT

1. What is SBT?

- ✓ Blockchain is not a distributed storage database which stores and processes all data.
- ✓ When introducing blockchain technology, it needs to know the effects in advance.
- ✓ Cost reduction and cost increase areas should be reviewed in advance among the areas of blockchain project implementation.
- ✓ - It should be reviewed if audit and a system, which needs to perform centralized data management, are required.

- SBT Platform with High Technical Completion and SBT platform has been developed with the following four core objectives
- User Priority Value
- Establishment of SBT's Mainnet – Smart /Safe/ Speedy
- SBT provides a unique metaverse environment where users can enjoy content
- Small business users provides and sells methods and materials by SBT tokens

2. Project Key Highlights

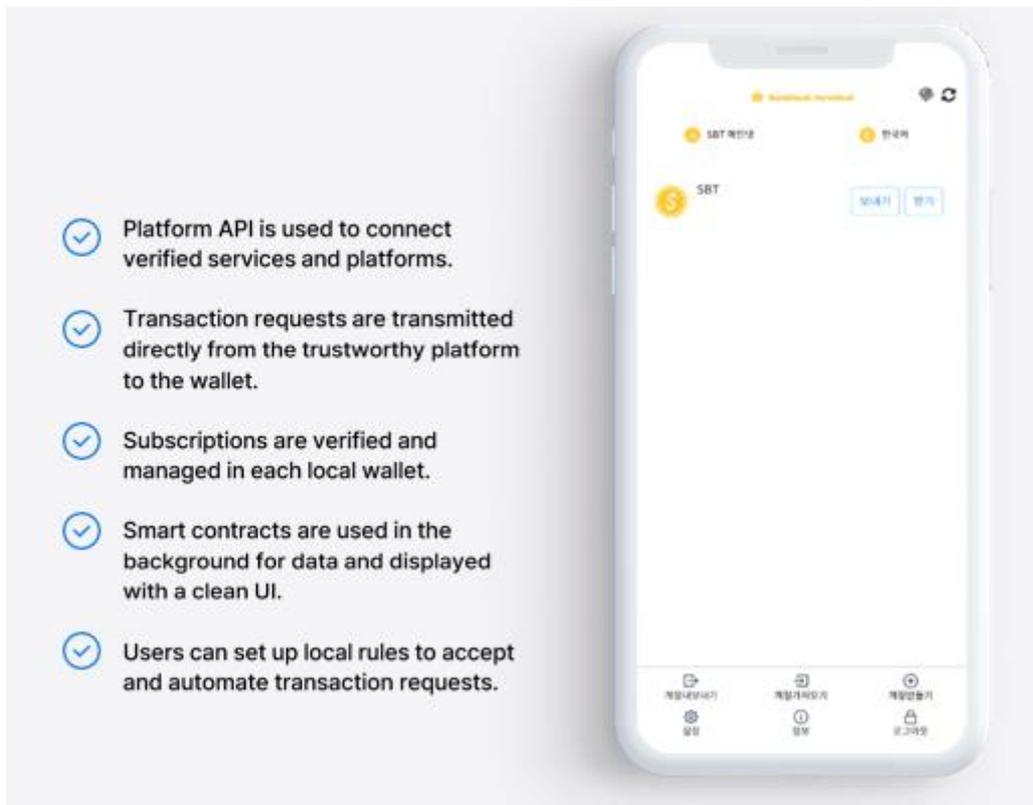

- The SBT platform is a global online and offline payment blockchain solution
- SBT provides a unique metaverse environment of SBT where users can enjoy content. In the Metaverse space, users can communicate with each other and enjoy purchased contents

- The SBT platform is continuously expanding to other areas, including shopping malls, gift certificates, NFT galleries. The expansion of the platform increases the value of SBT. Users can receive high added value along with the growth of SBT

3. Existing Products

- **Vietnamese gift certificates:** The SBT platform is currently providing services to South Korea and Vietnam. Many Users have already used or purchased acupuncture point content with SBT token and will purchase and use Vietnamese gift certificates
- **Moonmoonchip Acupuncture Point Content:** SBT provides lectures of Moonmoonchip Korea for users using Metaverse and Users can use SBT tokens when talking lectures or purchasing materials
- **SBT wallet:** the key to making all services of SBT easy to use is its wallet.

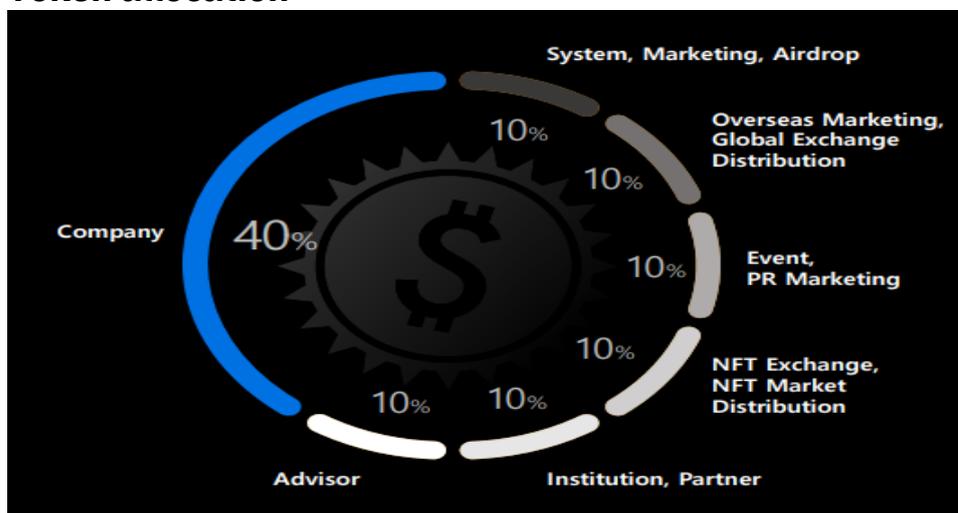

4. Token Sales and economics

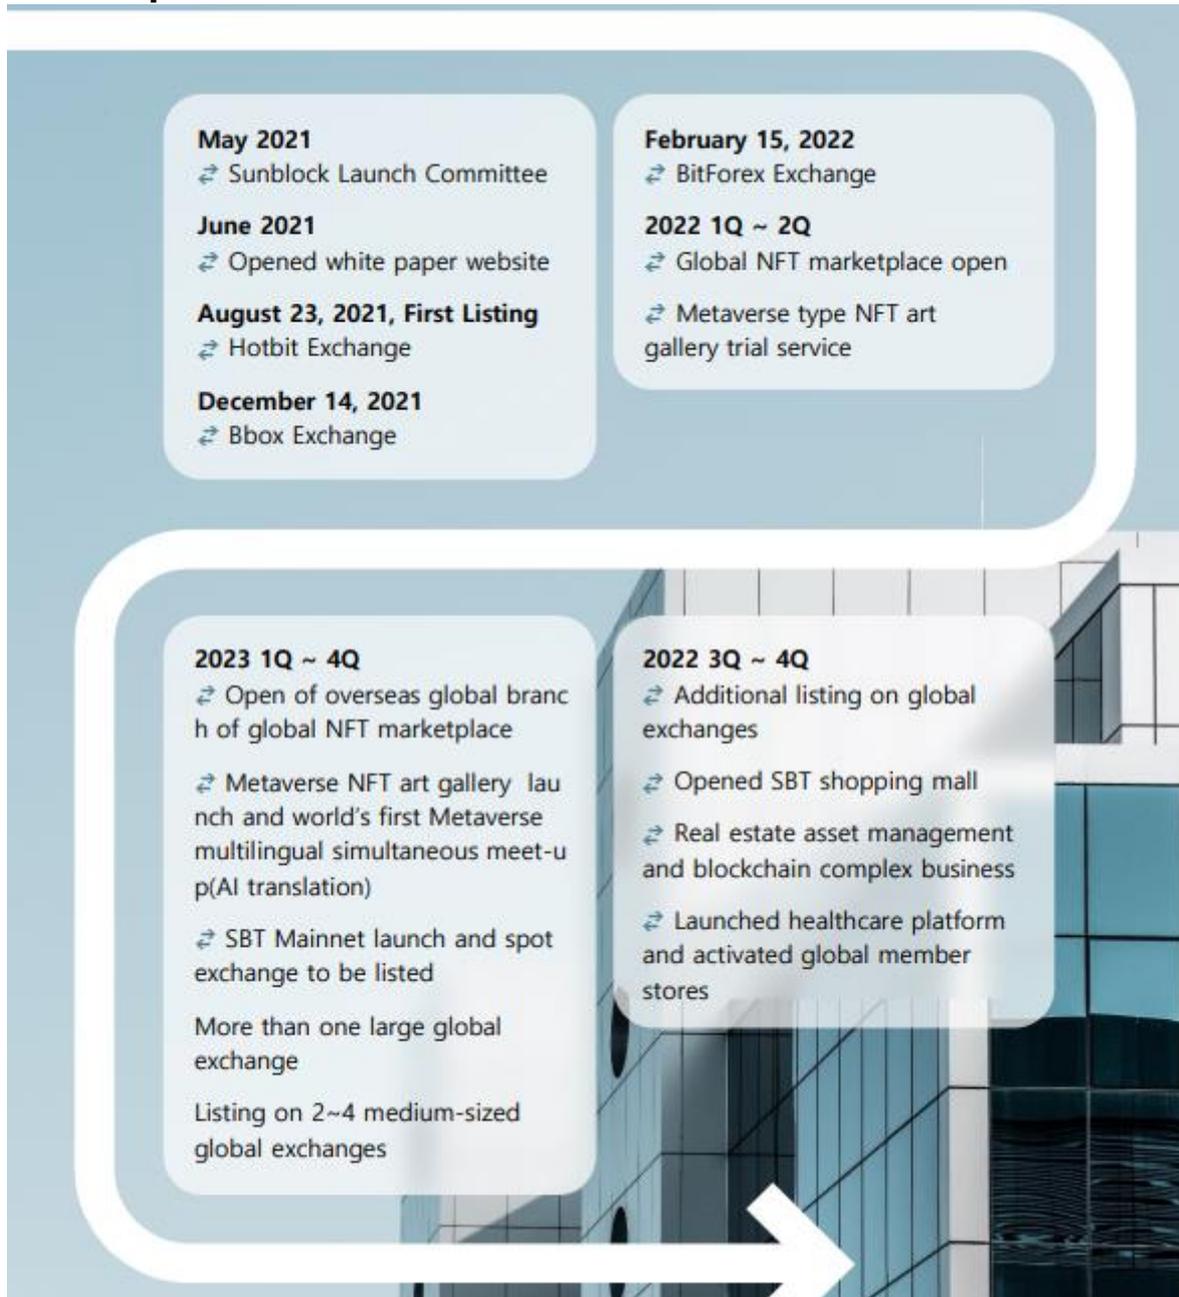

A. Token Sales data

Token Name	SBT
Token Type	SBT
Total Token Supply	8,000,000,000 SBT
Private Sale Allocation	978,000,000 SBT
Private Sale Token Price	~ 0.005 USD / SBT
Private Sale Amount Raised	~ 5,000,000 USD
Major market Launchpad Sale Allocation	420,000,000 /SBT
Major market Launchpad Sale Price	0.010 USD / SBT
Major market Launchpad Amount to be Raised	4,200,000 USD
Initial Circ. Supply When Listed on major market	800,000,000 SBT (10.00%)

B. Token allocation
